

1.- Using compass draw  $60^\circ$  and  $90^\circ$  angles.

2.- Build  $75^\circ$  and  $150^\circ$  angles, you must only use compass to draw them.

3.- Using only your compass build the  $37^\circ 30'$  and  $67^\circ 30'$  angles.

4.- Find  $82^\circ 30'$  angle, you must only use compass in its construction.
