

1.- On **P** vertex, indicate the resulting angle of **A** and **B** angle addition: **A + B**.

2.- On **P** vertex, indicate the resulting angle of **A** and **B** angle addition: **B - A**.

3.- On **P** dot, line **r**, indicate the resulting angle for the following operation: **A + B - C**.

4.- Draw the angle bisection for angle α .
